

Agens Optimus

Green business development

We can help, if You:

- Plan to enter English- or Russian-speaking markets and require assistance.
- Manage a short-term project that requires additional people, skills, and competences.
- Want to build relationships with government institutions that speak English or Russian.
- Search for a temporary replacement for employees on sick leave or vacation.
- Think about new ideas and projects that require new skills, but the budget is limited.
- Need to produce marketing and promotion materials or web sites in English or Russian.
- Have to create or update documents in English, Russian, or in both languages.
- Prefer to pay consultants for tangible results instead of hourly billing rates.
- Require proficiency in English and Russian for oral or written translations.

Business development and IT services

- Market research, information gathering, analysis of clients and business partners.
- Translation of technical and marketing documents: English-to-Russian, Russian-to-English.
- Meetings with prospective clients and partners in English- and Russian-speaking countries.
- Creative participation in commercial negotiations, structuring and closing of win-win deals.
- Organization and delivery of presentations for governmental institutions and authorities.
- Drafting bilingual contracts in English and Russian (NDA, LOI, MOU, license agreements).
- Scanning and converting of paper documents into electronic formats (PDF, EPS, SVG).
- Preparation of reports, presentations, spreadsheets in MS Office; export to PDF.
- Typesetting documents in desktop publishing systems (InDesign, Corel, TeX).
- Development of standards-based web sites (Linux, Nginx, MariaDB, PHP, JS).

Our profile

Since 1998, founders of Agens Optimus have been helping companies to optimize business processes and market communications. We have served large and small clients from different industries including banking and VC, manufacturing, software development, wholesale and retail, IT, management, and telecommunications. Our team consists of experienced professionals with degrees in economics, entrepreneurship, law, and business administration. We have advanced knowledge of IT, including desktop publishing systems, development of database-driven web sites, content management systems, automation of business processes, and information security. Agens Optimus offers customized solutions to clients that want to enter or expand into English- or Russian-speaking markets (EU, USA, India, Russia, Ukraine, CIS).
